Helping Lives Achieve 360° Wholeness

Family Restoration and Healing Center, Inc. (FRHC) is a non-profit community organization whose mission is to restore families, mind, body and spirit through education, counseling, case management and supportive services. FRHC invites you to become part of a team which is committed to creating a more successful community by developing more successful individuals and families. We are committed to developing 360-degree wholeness for all in the DC Metro Area. The FRHC strengthens the minds, bodies and spirits of individuals and families who face obstacles on their road to success. It does so by bringing education, counseling, case management and supportive services to those in Prince Georges County and the entire DC Metro Area who have employment challenges, mental health challenges, parenting challenges, health challenges and more.

Since 2011, FRHC has helped 1,200 adults, youth and families navigate the road to a better life, become employment ready, resolve behavioral barriers, and achieve youth and family success. With each success, our community becomes safer, more productive, more competitive and more sustainable.

As a 501(c)3 organization, FRHC accepts resources from public and private entities and invests them in the community, one family or individual at a time. Private contributions are tax-deductible, and volunteers are welcomed. Together, we help make the DC Metro Area an even better place for all of us to live and work.
